TYPOGRAPHY

The wordmark is constructed, not typed. For UI and body text alongside the logo, Inter (SIL Open Font License) pairs well with its rounded-square geometry. This is a suggestion, not a requirement.

RELATIONSHIP TO PEUR

Qur is a Peur product. Where a parent credit is needed, write "by PEUR Technologies" in text beside or below the lockup, set no larger than the wordmark's x-height.

PLEASE DON'T

Recolour it (including Peur navy)

Detach, move or rotate the tail

Stretch, skew or rotate

Add outlines, glows or effects to the flat logo
